

## *The world, this world of ours, is SATANIC.*

The M.A.M.S. Mail Art Museum Space - Graf Fossiant Museum, organizes the International Mail Art Convocation 2025, with the theme: The world, this world of ours, is SATANIC. - The world, this world of ours is SATANIC.

Our world is always struck by all sorts of negativity, such as violence and wars, diseases and plagues, and much more, that despite the appeals and the will of all, does not calm down, but repeats itself every day, for this reason we have defined it as the "SATANIC World". And how do you see it? Send us your Mail Art!
