

# CONTEMPORARY BERLIN 2026

**QueenArtStudio Gallery** is pleased to invite you to the international exhibition "Contemporary Berlin 2026" which will take place in Berlin at **Galerie Heinz Galinski** from **June 27 to July 3, 2026**.

The exhibition presents a carefully curated selection of **International Artists** from various countries, whose research spans a wide range of artistic languages: from painting to sculpture, photography to digital art, as well as installations and artistic jewelry. The curatorial project has been conceived to create a coherent and dynamic dialogue among the different artworks, where each artistic language interacts with the others within a fluid visual narrative. The aim is to offer visitors a comprehensive and critical overview of current trends in the contemporary art scene, highlighting art's ability to interpret the complexity of the present through new perspectives and aesthetic sensibilities.

**Galerie Heinz Galinski** is a prestigious exhibition venue located in the heart of Berlin. Characterized by its minimalist and functional design, the gallery provides a bright and versatile exhibition space, ideal for presenting contemporary artworks in a high-profile international context. The venue perfectly embodies the concept of the contemporary "**White Cube**." Located in **Mitte**, in the **Gesundbrunnen** district, it stands at the vibrant center of Berlin's artistic scene, surrounded by one of the world's most dynamic cultural environments. This privileged location allows the exhibition to become part of one of the German capital's most influential creative districts, encouraging dialogue with an international and cosmopolitan audience.
