

**Travel Like Elliot by Robert Falcone**  
**March 17 - 29, 2025**  
**ELEMENTS Contemporary Art Space, London**

**ITSLIQUID Group**, in collaboration with **YMX Arts**, is pleased to announce the opening of **Travel Like Elliot**, a solo exhibition of **Robert Falcone**, curated by Luca Curci, that will open on March 17, 2025, at 06:00 PM at ELEMENTS Contemporary Art Space in London, and will run until March 29, 2025.

Influencer Elliot Falcone, Falcone's beloved dog and creative muse, wants to take us back in an evocative exploration of the golden age of travel – an era often idealized for its elegance, sophistication, and charm. Guided by its whimsical imagination, this series invites viewers to reflect on the blurred line between memory and reality.

Through meticulously crafted **works on canvas**, Robert Falcone reimagines vintage travel destinations by manipulating archival images and enhancing them with layers of oil and gold leaf. The resulting pieces evoke a sense of nostalgia for places and times that seem perfect, yet remain inherently selective in their truth.

Elliot, the innocent and playful traveller, **experiences** this golden age through stories and faded photographs, blissfully unaware of its complexities. His unfiltered perspective imbues the works with both charm and poignancy, sparking a dialogue about the allure of nostalgia and the narratives we choose to believe.

Step into this enchanting world shaped by **Robert Falcone's** artistic vision, and let Elliot guide you on an unforgettable adventure through shimmering destinations and wistful dreams.

## **Robert Falcone - Biography**

Born in Italy to an Italian father and a Slovenian mother, Robert E Falcone's journey has been one of cultural intersections and personal evolution. Emigrating to the United States as a young child, he was raised by his single mother and her extended family, a background that instilled in him resilience and adaptability.

Falcone's artistic journey began at the tender age of 14, exploring both visual art and music. However, life led him down a different path in his twenties, thirties, and forties as he pursued a career in medicine. Rising through the ranks to become an established Trauma Surgeon, educator, researcher, and lecturer, Falcone's commitment to healing and understanding the human condition remained unwavering.

Yet, the artist within him never truly faded. In a triumphant return to his creative roots, Falcone rekindled his passion for art and music, embracing a diverse range of mediums. While sound remains his preferred medium, his artistic repertoire also includes painting, sculpture, and photography.
